

## Elements for Electric Furnaces

ALMOR can supply elements to suit all types of electric furnaces

- TAPE – for pit, continuous and batch furnaces
- TUBULAR – for shaker hearth and continuous furnaces
- CORRUGATED – for sealed quench furnaces
- SPIRAL – for pit, VFC, batch and continuous furnaces

We offer a fast efficient turn-round on new or part replacement work. To supplement our element service we also supply beads, lead out ceramic tubes (as illustrated) and other special ceramics
